

Statement of Intent:

I am interested in running for a second 2 year term Board position, specifically for the Treasurer role. My involvement with ISC Gunners goes back over 13 years when we first moved to the area and my oldest son joined a recreation team that I also coached. Since then, all 4 of my children have played on either a recreation or premier team with the Club every year. Today, I still have 2 children playing on premier teams, B02A ECNL team and the G06A team. My family and I are heavily invested and committed to the ISC Gunners. My boys were referees for the rec league and have volunteered for the Winter Academy, Micro League and the Swedish Summer Tournament. My wife and I have served as team managers for our boys' teams in the past as well as team chaperones for the away travel tournaments. I am interested in ensuring the long term viability and sustainability of the Club so that future generations of children and families can experience the joy and camaraderie of being on a team, the long term friendships made with other parents and the sense of family that we enjoy as members of the ISC community.

Summary of Qualifications:

In my day job, I am the Chief Financial and Administrative Officer (CFAO) for a local non-profit organization in Seattle called Treehouse. Our mission is to give foster kids a childhood and a future, primarily through our Graduation Success program where we help our kids graduate from high school at the same rate as their peers. In this role, I work very closely with the Finance and Investment Committee, in addition to the Board of Directors. I have also served as CFO of a privately owned manufacturing company for 5 years and had other operations and finance positions at Microsoft, Weyerhaeuser and ExxonMobil throughout my professional career. I also bring my experience from serving on the Finance and Pastoral Council at St. Louise Parish in Bellevue and as an adviser on the ISC Gunners Finance Committee to this Board role.
